

Sort By Shape Activity

Cut, sort & glue — one box for each shape!

1) Cut out all 10 shapes. 2) Glue circles in the circle box, squares in the square box, triangles in the triangle box!

Circles
round & curvy

Squares
4 equal sides

Triangles
3 pointy corners

Cut out these shapes, then glue each one in the right box!

Grown-up tip: before cutting, ask your child to point to each shape and name it out loud!
