

Moon & Night Sky

Put the moon phases in order, then spot night-sky things!

 The moon changes shape! Write 1, 2, 3, 4, 5 in the circles to put the moon phases in order.

 →  Watch the moon grow!  ← 

 What do you see in the night sky? Circle it!

 In each row, circle the things you can see in the night sky.

 Parent key: Moon order — 1 , 2 , 3 , 4 , 5 . • Row 1:   • Row 2:    • Row 3:  .

🌟 Sweet dreams, moon watcher! You know the night sky so well!
