

All About Cones!

Pointy top, round bottom.

 **Color the cones!** A cone has one round flat bottom and sides that meet at a single pointy point on top.

 **Parent tip:** An ice cream cone makes this unforgettable. Point to the round bottom (where the ice cream sits) and the pointy tip — those two features ARE the cone.

 **Color the cones!**

Ice cream cone

Party hat

Traffic cone

 **Find & circle all the cones!**

Cones in Real Life!

Can you find cones around you?

🌍 **Cones are everywhere!** Look around your home — can you spot things shaped like cones?
