

# ▲ 2D Shape Sorting Activity

Sort four flat shapes like a geometry pro!

✂️ 1) Cut out all 12 shapes. 2) Glue each shape in the box with its matching shape!

**Circles**  
0 sides

**Triangles**  
3 sides

**Rectangles**  
4 sides

**Diamonds**  
4 sides, pointy

✂️ Cut out these shapes, then glue each one in the right box!

★ Grown-up tip: before cutting, ask your child to point to each shape and name it out loud!
