

Color & Shape Sorting Activity

Sort by TWO clues at once — color AND shape!

✂️ 1) Cut out all 10 shapes. 2) Look at the color AND the shape — glue each one in its matching box!

Red Circles
red + round

Blue Squares
blue + square

Yellow Triangles
yellow + triangle

✂️ Cut out these shapes, then glue each one in the right box!

★ Grown-up tip: before cutting, ask your child to point to each shape and name it out loud!
